

ZenCheck

**Your solution to automated
appointment eligibility verification.**

Created with dental practice, dental insurance experts,
patients, and dental office managers in mind

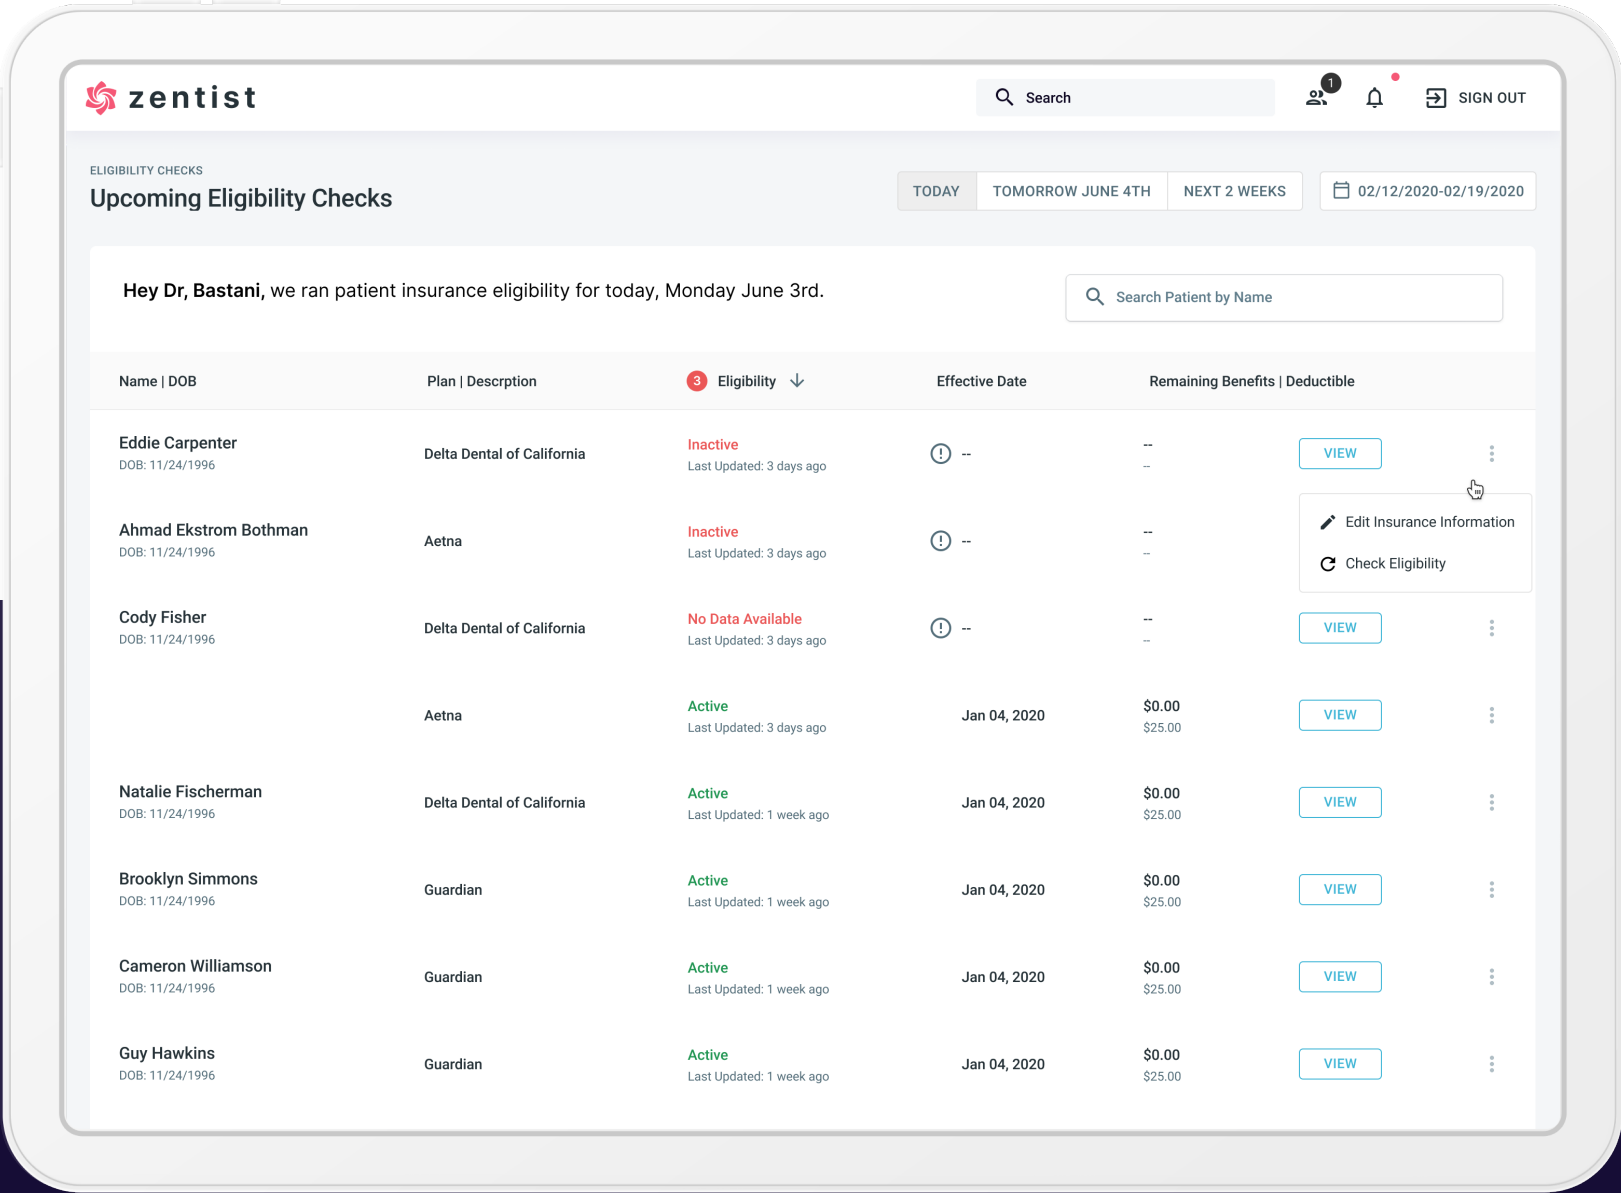

Spend less time on-hold with
insurance companies

Easy integration with your
dental practice software

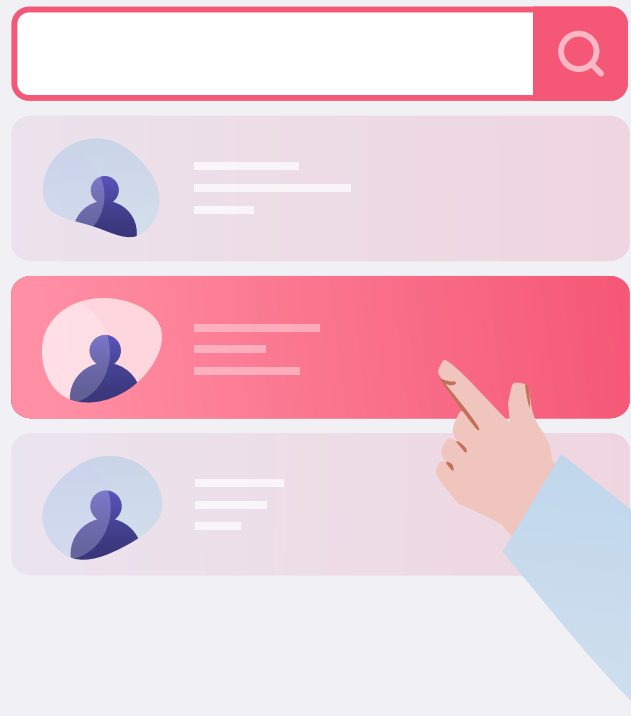

View eligibility details directly through Zentist dashboard

ZenCheck automatically
detects changes to your
appointment book
every hour

Avoid searching multiple websites

Or spending hours on the phone
with 1-800 numbers

Reduce unexpected claim denials

ZenCheck verifies coverage
3 days prior the appointment

Spend more time scheduling appointments

Optimize time and increase staff
productivity with your patients

Redefine your daily practice management routine

“Can you help with Eligibility Check as well. Because this is the biggest problem not only in my 14 new offices but across all old ones as well. Can this be somehow included into your service?”

— Dr. Kalika.

Upcoming Eligibility Check

 Crystal	Active	\$625.00	Dec 04, 2020
 Guardian	Inactive	\$0.00	!
 Delta	Inactive	\$0.00	!

You asked, we listened, we answered!

Zentist recognizes what it takes to run a dental practice. Let’s face it — verifying appointment eligibility is a huge pain that many practices inevitably face on a daily basis.

Most dental practices still rely on a highly manual, error-prone process for dental insurance eligibility verification.

ZenCheck’s technology automates this process for you, eliminating wasted time so your team can spend more of it running the business.
